

Affidavit of Publication

STATE OF UTAH, } ss.
County of Salt Lake }

NOTICE OF HEARING
CAUSE NO. ACT-037-029
BEFORE THE BOARD OF
OIL, GAS, AND MINING DE-
PARTMENT OF NATURAL
RESOURCES in and for the
STATE OF UTAH

IN THE MATTER OF THE
APPROVAL OF THE NOTICE
OF INTENT AND RECLAMA-
TION PLAN SUBMITTED BY
KELMINE CORPORATION, A
DIVISION OF COLORADO
KENWORTH, INC., OJETO
MINE, SAN JUAN COUNTY,
UTAH.

THE STATE OF UTAH TO
ALL OPERATORS, TAKERS
OR PRODUCTION, MINERAL
AND ROYALTY OWNERS,
AND PARTICULARLY ALL
PERSONS INTERESTED IN
TOWNSHIP 43 SOUTH,
RANGE 14 EAST, SLBM, SAN
JUAN COUNTY, UTAH.

Notice is hereby given that
tentative approval has been
given by the Utah Division of
Oil, Gas, and Mining to Kel-
mine Corporation, division of
Colorado Kenworth, Inc., P.O.
Box 272, Naturita, Colorado
81422, to conduct underground
mining of uranium and as-
sociated vanadium in Section
36, Township 43 South, Range 14
East, SLBM, San Juan County,
Utah. Mineral rights are
leased to Kelmine Corporation
by the State of Utah (ML 33315).
The person representing the
company in this matter is Mr.
Mel Swanson, Chief Engineer,
Kelmine Corporation, P.O. Box
272, Naturita, Colorado 81422.
The proposed mine is named
the Ojeto Mine.

Kelmine Corporation has ful-
filled obligations under the
Mined Land Reclamation Act of
1975 (Title 40-8), Utah Code
Annotated, 1953, as amended,
and has been given tentative
approval to conduct under-
ground uranium mining using a
modified room and pillar
method at two adjacent de-
posits and employing the fol-
lowing surface reclamation
techniques on approximately 4
acres of surface area which
comprises the "land affected".
Estimated duration of mining is
five (5) years.

During operations:

- 1) Surface soils will be stock-
piled to the extent possible and
preserved so to cover the site,
soil piles, and roads to the
extent possible at the conclu-
sion of operations.

- 2) Spoil dumps will be con-
structed as not to impinge upon
active portions of washes and
drainages.

- 3) Mining will be carried out
in a safe, orderly, and miner-
like manner.

Following operations:

- 1) Spoil dumps will be re-
garded to conform with local
topography, and to the extent
possible, surface material pre-
viously stockpiled from the
spoil dump sites will be spread
over the spoil material to en-
courage revegetation and re-
duce visual impact of the con-
trasting spoil color. Dumps will
be revegetated with a grass-
shrub mixture.

- 2) Surface facility sites will
be regarded to conform with
local topography, stabilized,
and revegetated with a grass-
shrub mixture.

- 3) Unless proven that the
roads built by Kelmine will
have a subsequent use, roads
will be reclaimed by removing
culverts, returning drainages to
the natural condition, regrad-
ing, and revegetation.

- 4) Portals and ventilation
shafts will be sealed or secured
to prevent entry by unauthor-
ized persons.

- 5) Extraneous debris, scrap
metal and wood, and unusable
buildings will be buried or
removed from the location.

Reclamation performance
surety will be established prior
to final approval of the recla-
mation plan.

Any person or agency aggrieved by this tentative deci-
sion is hereby requested to submit written protest within 30
days of February 10, 1978; to the
Division of Oil, Gas, and Mining, 1588 West North Temple,
Salt Lake City, Utah 84116, setting forth factual reasons for
his complaint; and thereafter, at a time and place herefore
established, appear before the Board of Oil, Gas, and Mining,
to show cause, if any there be, why this plan should not be
approved.

DATED this 30th day of
January, 1978.

STATE OF UTAH
BOARD OF OIL,
GAS, AND MINING
SCHEREEN WILCOX
Administrative Assistant/
Secretary of the Board
Division of Oil,
Gas, and Mining
